SUBJECT INDEX

Abdominal surgery in the aged, 771
ACTH; corticogenic hypothyroidism induced by, 14
  effect on subdural administration of hydrocortisone, 794
  in older patients with rheumatoid arthritis, 9
  pulmonary infections in rheumatoid arthritis patients receiving treatment with, 14
Addison's disease, treatment, 609
Adjustments, psycho-physical, in the aged, 785
Adrenal cortical failure, 609
  effects of age, 614
  effects of stress, 613
Adrenal gland, tumors, 705
Adrenals in myxedema, 845
Age, physical changes occurring with, 414
Aged patients: *see* Geriatrics; and specific disease or procedure
Aging comes of age, 1
  physiologic, relation to physical medicine, 671
  population, and insurance companies, 826
  psychiatric aspects of mental competency in, 30
  skin, 676, 805
  some surgical aspects of, 57
Alcohol, use in old age, 604
Amebic dysentery, diagnosis and treatment, 477
American Geriatrics Society, 2
  annual meetings of, 70, 149, 222, 291, 365, 743, 811, 874
  contributions to, 71, 150
  history of, 3
  Journal of, 2, 8
  program of 1953 annual meeting, 291, 365
Amylase, in diagnosis of pancreatic disease, 311
Anesthesia, 64, 648
  in geriatric surgery, 414, 648
  problems related to, 123
  tolerance to various anesthetic agents, 650
  types of, 420
Aneurysm, arteriosclerotic *see* Arteriosclerotic aneurysm
Aneurysms, ruptured intracranial; intraventricular and intracerebral hemorrhage as factors in death from, 597
Angina pectoris, management, 88
Ankle joint, fractures of in elderly people, 376
  rehabilitation, 393
  treatment, 382
Antibiotics, in treatment of amebic dysentery, 482
  in treatment of respiratory infections, 617
  in treatment of urinary tract infections, 355
  in sterilizing colonic contents, 641
Appendicitis, acute, surgery for, 775
Arsenicals, in treatment of amebic dysentery, 481
Arterial aneurysm, treatment, 340
Arterial diseases, role in clinical medicine, 157
  peripheral neurectomy for pain in, 627
Arterial vascular disorders, occlusive, physiologic and clinical basis for therapy in, 538
Arteriopathies, classification of, 157
Arteriosclerosis, aging factor, 328
  cerebral, oral metrazol therapy in psychoses with, 662
  coronary, with and without myocardial ischemia, 167
  hypertension and, 328
  in diabetes, 758
  mural changes in human and experimental, 327
  obliterans, peripheral neurectomy for pain in, 627
  of lower extremities, control of infection, 486
  pathogenesis of human and experimental, 322
  plasma lipids and, 329
  relation to hypertension, 229
Arteriosclerotic aneurysm, of the popliteal artery, 340
Arteriosclerotic sequences, intimal, 323
Arteritis, cranial, 163
Artery: *see also* Vascular system
Artery disease, coronary, 166
Artery, popliteal; aneurysm of, 340
Arthritis, rheumatoid *see* Rheumatoid arthritis
Asthma: *see* Bronchial asthma
Atherosclerosis, 158
  coronary, effect of age on, 821

Atherosclerosis—*Continued*
of coronary arteries, clinical diagnosis, 749
pathogenesis of, recent concepts, 151
relationship between plasma phospholipid and cholesterol in, 447
Author index to Volume I, 875

Barbiturates, use in old age, 606
Biliary tract disease, surgery of, in the elderly, 684, 773, 863
Biopsy, and cytologic diagnosis of cancer, 170
Birthmarks, of eyelids, 733
Bladder fistula, entero-vesicle; analysis of 34 cases, 52
Bleeding; non-malignant lesions causing; diagnostic procedure and treatment, 17
Blood: *see also* Hemorrhage; Plasma; Serum; Vascular system
Blood, in multiple sclerosis; effect of hydrocortisone, 801
flow, cerebral, in the aged, 836
pressure, effect of age on, 415
red cell mass; changes in, in hip fracture, 871
Blood vessels: *see also* Vascular system
Bone: *see* Ankle; Femur; Hip; Joints; Pelvis
Book reviews, 145, 442
Books received, 744
Bowel: *see also* Colon; Duodenum; Gastrointestinal; Intestinal
Bowel obstruction, early diagnosis, 561
classification, 561
entero-vesicle fistula; analysis of 34 cases, 52
perforations of, 207
Brain: *see also* Cerebral; Mental; Psychiatric; Spinal fluid
Brain; aneurysms, ruptured, 597
gliomas of, in the aged, 101
injuries, in older people, 727
tumors *vs.* cerebral vascular disease, 427
Breast cancer, classification, 39
results in treatment of, 642
role of irradiation in management of, 39
three clinically diagnostic symptoms, 859
Breast disease, in older patients, 854
Bronchial asthma; management of resp. infections in older patients with, 616
versus wheezing respiration, 623
Bronchiogenic carcinoma, 250, 589
early recognition of, 250
smoking as cause, 252, 589
Cancer: *see also* Carcinoma; Tumor; and specific organ involved
Cancer, biopsy diagnosis, 170
breast: *see* Breast cancer
cytologic diagnosis, 170
intraoral, and use of chewing tobacco, 497
ocular, 730
oral, 497, 721
ovarian, tragedy of, 410
plastic surgical principles applied to, 715
prostatic; *see* Prostate
skin, 716, 808
smoking habits and, 504
stomach: *see* Stomach
uterine: *see* Uterus
Carcinoma: *see also* Cancer; Tumor; and specific organ involved
Carcinoma, as bowel obstruction, 205, 563
bronchiogenic *see* Bronchiogenic carcinoma
colon and rectum, 557, 639
epidermoid, 716, 808
oral, 497, 721
prostatic, 190
Cardiac arrest, 460
Cardiac resuscitation, 459
Cardiology; Internat. Congress on, 596
Cardiovascular disease, hypertensive, characteristic lesions, 227
Cascara sagrada, effect in chronic constipation, 552
Cation exchange resins: *see* Resins
Cerebral: *see also* Brain
Cerebral accidents; modern rehabilitation following, 245
hemodynamics and metabolism in the aged, 836
vascular disease *vs.* intracranial neoplasm, 427
Cervix, uterine: *see* Uterus
Chalazia, of eyelids, 731
Chemotherapy of amebic dysentery, 477
of urinary tract infections, 355
Chewing tobacco, intraoral cancer and use of, 497
Chloride, behavior after administration of DCA, 471
Chloroquine diphosphate, in treatment of amebic dysentery, 483
Cholecystitis: *see* Biliary tract disease
Cholesterol-phospholipid relationship in arteriosclerosis, 447
Claudication, intermittent, in chronic organic arterial vascular disorder, 538

Colon: *see also* Bowel; Intestine
Colon and rectum, carcinoma of, 557
lesions of, surgery for, 773
mechanism of pain in, 813
primary resection, for carcinoma, 639
surgery of, in geriatric patient, 132
displacement by retroperitoneal tumors, 706
Congestive heart failure: *see* Heart
Constants, variable, 213
Constipation, chronic; treatment, 549
Contents of Volume I, iii
Coronary arteries, atherosclerosis of, clinical diagnosis, 749
Coronary artery disease, in the aged, 166
Coronary disease, clinical diagnosis, 749
diabetes and, 757
Coronary problem, in relation to aging, 821
Cortisone, corticogenic hypothyroidism, induced by, 14
pulmonary infections in rheumatoid arthritis patients receiving treatment with, 14
therapy, in older patients with rheumatoid arthritis, 9
County homes, psychiatric and medical aspects, 283
Current geriatric literature, 67, 146, 218, 287, 362, 443, 591

Cysts, pancreatic, diagnosis, 705
retroperitoneal, 701
Cytologic diagnosis of cancer, 170
Cytologic smear, in gynecologic geriatric practice, 348
Cytology, exfoliative, in diagnosis of pancreatic malignancy, 317

Death, fear of, 741
DCA and salt; response of aged persons to, 468
influence on excretion of sodium, chloride, and potassium before and after administration of salt, 470
Deformities, from cancer, plastic surgery for, 715
Dermatitis, 679
Dermatoses, senile, 807
Dextran, plasma substitute, 534
Diabetes in the elderly, 755
Diaphragmatic hernia, 138
Digestive disease, functional, in the aged, 745
Disability, insurance, 830
Duodenal juice, pancreatic enzymes in, 314
Duodenal ulcer: *see* Ulcers
Duodenum, lesions of, surgery for, 774
mechanism of pain in, 814
Dysentery, amebic *see* Amebic dysentery

Eating, in old age, 606
Elderly patients: *see* Aging; Geriatrics; and specific disease or procedure
Electrolyte and fluid balance, regulation, 233
Electroshock therapy for mental disorders, 433
Emphysema: *see* Pulmonary
Entero-vesicle fistula; analysis of 34 cases, 52
Environment, effect on longevity, 851
Enzymes, pancreatic: *see* Pancreatic enzymes
Epigastric symptoms, mechanisms underlying, 813
Esophageal hiatus hernia, 138
Estrogenic substances, as cause of vaginal bleeding, 23
in treatment of prostatic cancer, 190
Exchange resins: *see* Resins
Exercise, effect on longevity, 851
Eye, foreign bodies in, management of, 113
ocular tumors, in the adult, 730
sympathetic ophthalmia, 665

Fear in elderly people, 739
pallor of gastric mucosa during, 818
Feces, analysis, in pancreatitis, 315
Femur; fractures of; intramedullary nail for, 579
Femur: *see also* Hip
Fluid and electrolyte balance, in aged persons, 233
Fracture fixation with intramedullary nail, 579
Fractures: *see also* Ankle; Femur; Hip
Functional digestive disease in the aged, 745

Gallbladder: *see also* Biliary tract
Gallbladder surgery in patients over sixty-five, 863
Gallstones: *see also* Biliary tract
Gangrene, in occlusive arterial vascular disorders, 541
Gastric contractile activity, cessation under stress, 815
Gastric secretion, phases of, 396

Gastrointestinal: *see also* Bowel; Colon; Digestive; Duodenal; Dysentery; Epigastric; Esophageal; Intestinal; Stomach; Ulcers
Gastrointestinal ulceration, supradiaphragmatic vagotomy in treatment of, 395
Gelatin, plasma substitute, 533
Genital malignancy, vaginal smear in, 351
Genitalia; non-malignant lesions causing bleeding of, 17
Geriatric notes, 143
Geriatrics: *see also* Aging; and specific disease, organ, or procedure involved
Geriatrics, modern concept of, 1
  rehabilitation in, 840
Gerontology: *see* International Association of
Gliomas, in the aged, 101
Globin, plasma substitute, 533
Glucose tolerance, in pancreatitis, 317
Gynecologic surgery: *see* Pelvic surgery; Ovary; Uterus
Gynecology; cytologic smear in, 348

Head injuries in older people, 723
Health and happiness, after sixty, 850
Heart beat, resuscitation of, 459
Heart; coronary artery disease in the aged, 166, 821
Heart disease, coronary, management, 749, 824
Heart failure, congestive, cation exchange resins in treatment of, 369
  left ventricular; and acute pulmonary edema, 331
Heart; mitral stenosis after 50; surgery of, 78
Heart; myocardial infarction in the aged, 95
Hemodynamics, cerebral, in subjects over ninety, 836
Hemorrhage, as factor in death resulting from rupture of intracranial aneurysms, 597
  cerebral, modern rehabilitation following, 245
  from head injuries in older people, 723
  non-malignant lesions causing, 17
Heredity, effect on longevity, 851
Hernia, bowel obstruction, 562
  esophageal hiatus, 138
  surgery for, 774
Hip; disability of, in older people; treatment, 259
Hip fracture; improvement of longevity in elderly patients with, 869
  red cell mass changes in, 871
Hip, fractures about; fixation, aftercare, 579, 653
Hormonal treatment of breast cancer, 645
  of prostatic cancer, 190
Hospitalization, insurance for the aged, 833
